

**WE'VE BEEN ELFED!**

# MERRY CHRISTMAS YOU'VE BEEN ELFED!

As Christmas time is drawing near, we elves are busy spreading cheer.

From door to door we hop around, leaving gifts, but not a sound.

Now you've been elfed, so it's up to you. Here's what to do, in a quick review:

Pick two friends along your street; make some goodies, a Christmas treat

Wrap the treats to make them look nice, wrap the sugar, wrap the spice.

Sneak to your friends' houses by the cover of night, dress in all black, leave home the white.

Ring the bell, give the door an ol' knocking, drop the treats and dash, remember NO walking.

Leave this letter by their treats and by the door, no confusion for them, no "What's this for?"

At the receiving of this package you have 2 days, no time to dally, no time to waste.
